CLEAN UP, PAINT UP CITY, APRIL 20

MARYVILLE WILL BE GIVEN ANNUAL PRIMP NEXT MONTH.

CALL FOR IDLE LOTS FOR YOUTHS, IS MADE

Gardens, Flower Beds to Supplant Weeds—City to Remove Rubbish—Prize for Best Improved Ward.

Maryville will receive its initial concerted clean-up on Tuesday, April 20, according to the announcement of a special clean-up committee recently appointed, following a conference in the Commercial club rooms yesterday afternoon. The city will remove all rubbish, except cinders and brush, tree tops and other bulky trash, Mayor U. S. Wright and John H. Gray, councilman, members of the committee, announced. E. H. Bainum will remove the cinders.

It was stipulated that property owners and others occupying residences or business houses within the city limits or owning vacant lots, should gather up all rubbish and trash, such as tin cans, weeds, paper, hay, cinders or ashes, brush and cast-off articles, and place them next to the curbing, in the street abutting their property, on April 20. The city wagons will call for it.

Clean Up for Visitors.

It was decided that the middle part of April would be the better time for an official clean-up, paint-up day, as that is the time the usual spring cleaning is at its height. Another reason for designating April 20 as "clean-up day" was on account of the near approach then of the annual inter-high school oratorical contest and track meet at the Normal school, which will bring many visitors to the city.

The probability of the Northwest Missouri Press association holding a special meeting here then is an added incentive.

By having clean-up day prior to their arrival, Maryville will be handed more bouquets thereby and the "outsiders" will go away commending the city residents for their loyalty and pride towards their city. Of course, where places are not entirely cleaned at the end of Tuesday, April 20, it will be entirely permissable for the procrastinator to continue his efforts through the next few days, or until his abode and surroundings can pass muster of the clean-up committee.

To Award Most Progressive Ward.

As a further incentive for a combined, concerted move to make Maryville more beautiful, the clean-up committee yesterday decided to offer a prize, probably a trophy cup, to the city ward which shows the greatest change during the spring and summer in the way of cleaner yards and lots and better painted buildings. The winner will be chosen through the point system.

A certain grade will be given for the largest percentage of yards cleaned; for the greatest percentage of vacant lots being farmed and for the largest percentage of houses newly painted during the spring and summer. The winner will be announced early next summer.

A committee composed of Paul Sisson, Mrs. E. G. Orear and F. P. Robinson was appointed to take this matter in charge and draw up plans for deciding the award system.

A Captain for Each Ward.

Another advancement in the "clean-up, paint-up" movement, was in deciding to appoint a captain in each of the four wards of the city to supervise the clean-up, paint-up movement in that particular section of the city. The selection of the ward captains will be made soon by Mayor Wright, president of the general clean-up committee.

The aim of Mayor Wright is to appoint ward supervisors who not only have the time and the inclination to supervise this work, but who are well fitted for the position.

Prize to School Children.

Another contest to further the clean-up, paint-up movement in Maryville this spring has been announced, in which a prize probably a trophy cup, will be given to the ward schools of the city which can show the greatest number of pupils, either boys or girls, or both, engaged in farming vacant lots, either in gardens or flower beds.

A committee consisting of E. R. Utter, principal of the high school, and W. R. Jackson, secretary of the Commercial club, was appointed to work out the details of this contest and decide on a suitable prize for the winning school.

As an aid toward making the clean-up movement a decided success in the initial attempt, all persons owning vacant lots are urged to offer the use of these tracts for the use of boys and girls for cultivation. These may either be planted to vegetables or changed into a veritable flower bed—any way to remove the unsightly weeds which heretofore always have bedecked the vacant lots of Maryville.

Want More Vacant Lots

One of the first moves in this direction has been already taken by the Sunday school pupils of the First Christian church. They will band together for the cultivation of the vacant lot at the southeast corner of Fourth and Buchanan streets. Its use is being donated by Arthur S. Robey.

The use, during the spring and summer of several other lots in the city also have been offered to the clean-up committee, and others have signified their intention of aiding the movement. More lots are needed, the committee announces.

G. Miller Says C. H. Hummon, Maryville, Gave Note 4 Years Ago For $400.

A suit to collect $400 on a promissory note alleged to have been given January 14, 1911, by C. H. Hummon of Maryville, and which was never paid, and interest of $109.74, was filed in circuit court yesterday afternoon by G. Miller.

TO BOOST NORMAL

SECRETARY, STATE COMMERCIAL CLUB HERE TOMORROW.

WILL TOUR DISTRICT

A. N. Lindsey, Clinton, to Confer With President Richardson Relative to Publicity for School.

A. N. Lindsey of Clinton, secretary of the Federated Commercial Clubs of Missouri, will arrive in Maryville tomorrow for a conference with President Ira Richardson of the State Normal school, prior to a three month's publicity campaign for the Maryville Normal in northwest Missouri. This is out of Secretary Lindsey's chosen field, but on request of President Richardson, he consented.

The securing of Secretary Lindsey for the publicity campaign was made by President Richardson while in Kansas City, February 27. Following his conference here this week with the Normal head, Secretary Lindsey will begin his tour of the nineteen counties of northwest Missouri contained in the district.

He will address commercial and other civic organizations relative to the school's work, and make an individual campaign as well for the state institution. Secretary Lindsey was in Maryville last fall, when he addressed the farmers during the Normal "farm and home course" of instruction in agriculture. He is considered a forceful speaker and is well known over the state.

Normal Head and Former School Superintendent Speak in St. Joseph Thursday.

Ira Richardson, president of the State Normal school, and W. M. Oakerson, former school superintendent of Nodaway county, now in the state school department, will address the annual gathering of Buchanan county teachers at St. Joseph Thursday.

President Richardson will make his address just prior to noon, while Prof. Oakerson will speak that afternoon.

COLLECTS ALL BUT $50

Independence Township Residents Pay Up Well, Collector F. A. Bloomfield Reports.

The collection of all but $50.03 of the total real estate and personal property tax assessed against residents of Independence township by the county for 1914, was reported this morning to the county court by Collector F. A. Bloomfield of Parnell. The aggregate tax was $15,105.98.

This was the best "clean-up" made this year by any of the fifteen collectors of the county, some failing to collect by a couple of hundred dollars. The first view of Collector Bloomfield might serve as a reason for this grand success of his, for he stands six feet high and weighs close to 250 pounds. But another glance and a brief conversation with him will prove conclusively that it is more the pleasant smile and greeting that gets the "dough" than the weight and size.

C. H. Guyer, collector for Monroe township and Milton Kirby, collector for Lincoln township, also reported to the county court this morning.

SUES FOR HUSBAND'S DEATH

Burlington Could Have Avoided Killing Henry Campbell, Arkoe Widow Says—Wants $10,000.

Alleging that on account of it being a clear day and early in the afternoon, the operators of a Burlington freight train could have avoided running down and killing Henry Campbell, near Arkoe, February 10, the widow, Melinda Campbell, sues the railroad for $10,000 damages. The suit was filed in circuit court here this afternoon by B. R. Martin, an attorney of St. Joseph, formerly of Maryville.

Campbell, who owned a farm near Arkoe, was killed outright and his body badly mangled a month ago, while he was said to be lying on the tracks, about two miles south of Arkoe, near a curve of the road. He was rather aged and slightly hard of hearing, it is said.

TO PICK ORATORS

HOLD PRELIMINARY CONTEST FOR DECLAMATORY EVENT APRIL 9.

MEDALS FOR WINNERS

Entrants Subject to Same Rules as Normal Contestants—Are Judged by General Excellence.

A plan was made yesterday by the high school to have an annual spring declamatory contest to select one boy and one girl contestant to represent the high school at the northwest interhigh school oratorical contest to be held at the State Normal, April 23 and 24.

The preliminary contest will be held April 9 at the high school, the representatives to be chosen from ten contestants, five of whom are to be girls and five boys. In case the number of applicants for the try out is greater than ten, an elimination preliminary will be given about two weeks previous to April 9, in order to bring the number of contestants down to ten.

Governing Rules Same.

The pupils entering are answerable to the same rules as govern the Normal contestants. They must have a passing grade in three subjects in the previous semester and a passing grade in all present studies.

The grading will be done on a basis of excellency and merit of the declamation instead of on the point system of judging, as has been heretofore used.

Plan Pleases Pupils.

The winners of the preliminary will receive appropriate gold medals as honors. These will probably be a gold watch fob for the boy and a gold locket for the girl, engraved with the date and winner's name. These medals will be given so as to be in contrast to the inter-high school medals.

The judges will be selected by the superintendent, Prof. W. M. Westbrook, and the principal of the high school, Prof. E. R. Utter.

The announcement of the contest has been received with enthusiasm by the pupils of the school, and already a number have signified their intention of entering the preliminary contest.

Makes Tax Collection Report.

Frank Bloomfield of Parnell, collector for Independence township, and Joseph Smith of Ravenwood, deputy collector for Jackson township, were in Maryville today to make tax collection settlement with the county court and county treasurer.

MAY PROSECUTE SOLICITOR

Sheriff Wallace Arrests Woman Wanted at St. Joseph, Charged With Issuing Bogus Check.

Mrs. Benton Gray, a magazine solicitor, arrested at a local hotel last week by Sheriff Edwin Wallace, on complaint from St. Joseph, will probably be prosecuted on two charges, according to information given out today. It is charged by some that they have failed to receive any of the magazines for which they subscribed through Mrs. Gray, while one woman alleges the check given her by Mrs. Gray was a worthless one.

Several women have been soliciting subscriptions for magazines and papers in Maryville and Nodaway county recently, generally being women who live elsewhere than in the county. A complaint to the authorities was recently made by residents of Graham and Skidmore following the solicitation of a woman there for magazines and periodicals.

It is said that unless Mrs. Gray makes restitution to those solicited before March 20 she will be prosecuted on the charge of issuing bogus checks, and also of fraud.

Musical numbers, both vocal and instrumental, will be included.

A banquet to the Normal basket ball players will be given at the Linville hotel Friday night by Coach Walter Hanson. Several speeches and toasts are planned during the feast and following it.

BATTLESHIPS ARE SENT TO MEXICO

PRESIDENT WILSON ORDERS VESSELS TO VERA CRUZ.

ADMIRAL FLETCHER WILL SELECT SHIPS

Nation's Executive Instructs Secretary Daniels to Take Action—One Will Be a Flagship.

By American Press.

Washington, March 9.—After a conference early today with President Wilson, Secretary Daniels of the navy department ordered two battleships of the Atlantic fleet to Vera Cruz, Mexico, as a safeguard should more trouble arise in the southern republic.

Rear Admiral Fletcher, commanding the fleet, will choose the battleships that are to go. The only specification Secretary Daniels made were that one of the battleships should be a flagship, in order that an officer of high rank should be in command of the Mexican forces.

It is probable that different ships than those which went to Vera Cruz last fall will be ordered to the Mexican gulf port this time. The ships now at Guantanamo may go to Vera Cruz.

General Carranza has been informed in a note from the United States government that unless there is an improvement in conditions with respect to foreigners and their interests in Mexican territory under his control, such steps as may be necessary will be taken by the American government to obtain the desired protection.

The note is the strongest and most emphatic document that has been sent by the Washington government to Mexico since the correspondence with Huerta a year ago.

CRISIS NOW IN BULGARIA

Ministerial Trouble Like That of Greece, When Premier is Overthrown.

By American Press.

Paris, March 9.—A ministerial crisis similar to that in Greece has occurred in Bulgaria. Premier Radoslavoff is reported to have been overthrown by the influence of King Frederick and followers of Dr. Ghenadioff, former foreign minister, because he desired to take immediate action against Turkey by occupying Adrianople.

Radoslavoff's opponents are said to have declared this policy, which would have placed Bulgaria in opposition to Germany and Austria, was too adventurous.

The principal argument they are reported to have used, was that the resignation of Premier Venizelos at Athens left Greece more isolated than before, and if Bulgaria remained neutral it might hope for advantages other than those they should find in Thrace.

Although this information has not been definitely made, it is generally believed in French official circles that Radoslavoff had resolved to march on Adrianople if Greece pronounced for the triple entente or allies. Venizelos also made such an announcement at Athens when the question of intervention came up.

GOOD WORD FOR TOWN BANDS.

Kansan Would Authorize Municipal Appropriations for Support of One.

Most state township acts are of a strictly utilitarian character. They, for instance, take note of the village or town's need for sidewalks, street lamps and a lock-up for offenders against the law and order, and they authorize the establishment of those and other conveniences of civilization. But they rarely go beyond material things and are not generally expected to do so. The higher affairs of life are ordinarily left to private initiative.

A Kansas legislator, however, has undertaken to break this custom and to suggest something original in the way of "uplift." Representative Keen of Fort Scott is credited with the introduction of a bill authorizing any town to appropriate money for the support of a band—brass or otherwise. The lawmaker's theory is that a good band has an improving effect on the community, and will therefore be worth all that it costs the taxpayers. While he admits that many a local band may be bad, he hopes that placing it on the public pay roll will encourage it to become better.

The bill is certainly a merited tribute to the village music makers. The latter usually mean well and work hard to deserve appreciation. A patron of one of these organizations says:

"The village band earns its appropriation. In the winter nights it meets for "band practice" in a room too big for warmth and too small for accoustics. If it has an appropriation on hand of $19.65, for new sheet music, it will rattle the windows every Saturday evening for months perfecting a technique which can never be too good to suit the sensitive ear of the leader. And in the summer it plays valiantly in the soft, pleasant evenings, luring the townsfolks toward the village square with Weber and Sousa. Its repertory is several notches above the level of village taste, though not too far above. They will tell you at the music stores in Chicago that the village bands of the country are resisting far better than the commercially owned orchestras have resisted, the invasion of the too-too-utterly-rag."

The village band is thus seen to be a worthy institution and it is to be hoped that Kansas will not prove to be the only state to foster musical talent in its minor communities.

GRANT CITY PLANS TO PAVE.

Worth County Towns Finds Citizens Anxious to Better Streets—Circulate Petitions.

Grant City property owners, are not agin' paving streets—on the other hand they are anxious for it—as was demonstrated last week, when several petitions for the improvements, were circulated along several streets of the Worth county town.

One petition calls for concrete paving from the public square on High street and thence to the railroad station. The paving would be twenty feet wide. Two other streets also may be paved.

REVIVAL CLOSES SUNDAY

Evangelist Will Preach Tonight from the Subject "The Price of Salvation."

The revival services at the First Christian church will continue during the remainder of this week. Last night there were two more added to the church roll. Harry O. Fritz, tenor, sang, "Will You Believe," and the Rev Charles A. Finch preached from the topic, "The Second Coming of Christ." Tonight the evangelist's sermon will be upon the subject "The Price of Salvation."

Last night the Rev. Mr. Finch said in part:

"In power and great glory. With all His holy angels. He will come in the clouds of heaven. He shall descend from heaven with a great shout, with a voice of the arch angel and the trump of God, and the dead in Christ shall rise first. He shall also come as a thief in the night. He shall come with ten thousand of His saints. He shall come in like manner as He was received up into heaven. All the foregoing statements are plainly set forth in the scriptures.

Dangers of Delay.

A thousand years may roll between you and His coming, but He comes practically to every man at death. As you lie down to sleep at night and almost immediately it seems the sun of a new day is shining, so the sleep of death will seem but momentary as immortality dawns. If you believe that Jesus is coming you will prepare to receive Him. The falsest doctrine the devil ever sent out of hell is the suggestion that there is plenty of time, and the end comes and finds you unprepared. But if you are looking for Jesus you will know Him when He comes, and will hear 'Well done, thou good and faithful servant, thou has been faithful over a few things, I will make you ruler over many.'

"That Jesus will come again is one of the inspiring truths of the Bible. Jesus said He would come again. The prophets said He would come; the angels taught it. The apostles preached it. The church believes it in communion, and the world in monument.

"Jesus says very distinctly that no man knoweth the day nor the hour. Not even the Son, but the Father only. The coming of Jesus is carried along with the coming of judgment to Jerusalem and the Jewish nation. It was the intention of the Lord to mingle the two in order that the thought of the future of the Christian in heaven might save their faith from failing in the destruction of Jerusalem.

It is my opinion that the Lord will come when the people of earth become as they were in the days of Noah, absolutely given over to sin. When the salt has lost its savor, and men refuse to obey the truth. Before that time, however, Jesus says 'The gospel of the kingdom must be preached to the end of the earth.'"

High School Basket Ball Team to Play Postponed Game.

The high school basket ball team will play the quintet of the Tarkio high school on the Normal court here Friday night, beginning at 8 o'clock, Coach Harvey Watson announced today. The Tarkio and Maryville teams have not met yet this season, but it is reported that the Tarkio bunch is a strong one, which has won more games by far than it has lost this season.

It was originally intended to play Mound City Friday night at Mound City, but that game has been postponed. Mound City won here last week.

HOMER CROY ON HIS WAY WEST.

Maryville Humorist and Bride En-route to Coast—Stops on Return.

Homer Croy, Maryville's humorist of world-wide fame, and his recently secured bride, left Chicago last night aboard a special train of "movie" fans and publishers for Los Angeles. They arrived in Kansas City today. Mr. and Mrs. Croy intend to stop off in Maryville on their return east early next month, however, according to A. J. Croy, the father.

The special is being run by the Universal Film Producing company, which proposes to throw its city, Universal City, near Los Angeles, open to the public March 15.

This unique community, which is near Los Angeles, will be entirely given over to the activities incident to acting for and manufacturing of films.

Among the notables who will accompany Cad Laemmle, president of the Universal company, are Robert Grau, F. Schraeder, editor of the Dramatic Mirror; Hy. Mayer, editor of Puck; E. Hoffman, editor of the Moving Picture News, and R. C. Cropper of Kansas City.

The special, which will consist of four sleepers and a dining car, will make only three stops, besides that at Kansas City. One will be in Denver, another at Williams, Ariz., and the third at Los Angeles, where the entire population of Universal City is expected to be on hand to welcome the guests.

Entertainment, to be provided on the train for the passengers, will take various forms. One of the western vaudeville circuits has arranged to have some of its acts travel over the circuit via the Universal special, and these performers will furnish diversion for the members of the party on the way.

Pictures will be taken along the route. These will be developed after reaching "movie" town and shown to the passengers in the exhibition theater, which is one of the many buildings on the grounds. Likewise, the dining car superintendent will furnish "good fellowship" feasts whenever there is occasion.

LIVE STOCK IS IN DEMAND

Cattle, Hogs and Sheep Sold 10c to 15c Higher—Lighter Run Cause.

Kansas City Stock Yards, March 8.—The favorable conditions for sellers in the cattle market that prevailed last week continue today, market strong to 10c higher. The net advance last week after Monday was 25 to 40 cents. The steers here today are fair to good killers, selling at $7.25 to $8.25, nothing prime, or even good to choice here, else the top would have been anywhere from $8.50 to $8.75.

Yearlings and fancy heifers would bring up to $8.50, bulk of heifers, selling at $6.50 to $7.50, choice cows $7, bulk of cows $5.75 to $6.50, fat bulls $6 to $6.65, top veal calves $10.75. Oklahoma steers sold in the native division at $7.75, 75c to $1 above where they would have sold at the low time.

Most of the quarantine arrivals were late getting in, but some 895-pound Oklahomas sold early at $7, lighter steers at $6.55, called strong to 10c higher, and 30c to 40c higher than last Monday. Quarantine steers brought $7.50 last Friday. Stocker and feeder trade is widening, sales strong to 15c higher today, and an active demand from both yard traders and country buyers. Choice panhandle yearling calves sold at $8 today, and 2-year-olds bring up to $7.75, good feeders at that price also, and few cattle under $6.50.

Hogs sold 10c to 15c higher today, receipts 5,000 head. Order buyers and packers paid the top price, $6.90, although a load of serum hogs, 213 pounds average, brought $7.05. Bulk of sales were at $6.80 to $6.90. Receipts were small today on account of bad roads in the country, but the run appears to be diminishing, and prices are working upward.

Packers will offer small opposition to an advance in prices of hogs, as higher hogs would enable them to dispose of their large store of product more advantageously.

Sheep and lambs received today numbered 15,000 head, and lambs sold steady, sheep 10c higher. There was a strong demand from local killers, and though the entire receipts were sold by 10 o'clock, with one of the leading packers left out unable to fill his orders. Bulk of lambs sold at $9.40 to $9.60 today, and ewes at $7.35 to $7.60, wethers worth up to $8, yearlings $8.75. Feeding lambs are scarce, choice ones worth around $8.75. Run balance of the week promises to be light.

You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have headache and feel all worn out. FIND RIGHT PLACE AT LAST.

Iowa Couple Hunt High and Low to Get Marriage License, Then Succeed.

A young man carrying a suit case and an embarrassed looking young woman, heavily veiled, tiptoed into the court house this morning. The loitering men congregated in the corridor immediately to speculate, whether they were looking for a marriage license.

It looked as though their guess was wrong, when the man timidly wended his way towards the sheriff's office. But soon he returned, and with the young lady in tow, started for the treasurer's office, where several carpenters were engaged in making certain improvements. Foiled again, they repaired to the county clerk's office, shut the door after them, and at last thought they had found the right place.

But, No, again. County Clerk Fred J. Yeoman did however, direct them to the proper office—the office of recorder of deeds. Then the men grouped in the corridors laughed.

The couple gave their names as Delbert Cooper and Myra Hall. Both said they lived in Clarinda, Iowa. He gave his age as 23, she as 19 years.

LARGEST CIRCULATION OF ANY DAILY PAPER IN ANY MISSOURI TOWN OF 5000 POPULATION

VOLUME 5. MARYVILLE, MISSOURI, TUESDAY, MARCH 9, 1915. NO. 239.

CLEAN UP, PAINT UP CITY, APRIL 20

MARYVILLE WILL BE GIVEN ANNUAL PRIMP NEXT MONTH.

CALL FOR IDLE LOTS FOR YOUTHS, IS MADE

Gardens, Flower Beds to Supplant Weeds—City to Remove Rubbish—Prize for Best Improved Ward.

Maryville will receive its initial concerted clean-up on Tuesday, April 20, according to the announcement of a special clean-up committee recently appointed, following a conference in the Commercial club rooms yesterday afternoon. The city will remove all rubbish, except cinders and brush, tree tops and other bulky trash, Mayor U. S. Wright and John H. Gray, councilman, members of the committee, announced. E. H. Bainum will remove the cinders.

It was stipulated that property owners and others occupying residences or business houses within the city limits or owning vacant lots, should gather up all rubbish and trash, such as tin cans, weeds, paper, hay, cinders or ashes, brush and cast-off articles, and place them next to the curbing, in the street abutting their property, on April 20. The city wagons will call for it.

Clean Up for Visitors.

It was decided that the middle part of April would be the better time for an official clean-up, paint-up day, as that is the time the usual spring cleaning is at its height. Another reason for designating April 20 as "clean-up day" was on account of the near approach then of the annual inter-high school oratorical contest and track meet at the Normal school, which will bring many visitors to the city.

The probability of the Northwest Missouri Press association holding a special meeting here then is an added incentive.

By having clean-up day prior to their arrival, Maryville will be handed more bouquets thereby and the "outsiders" will go away commending the city residents for their loyalty and pride towards their city. Of course, where places are not entirely cleaned at the end of Tuesday, April 20, it will be entirely permissable for the procrastinator to continue his efforts through the next few days, or until his abode and surroundings can pass muster of the clean-up committee.

To Award Most Progressive Ward.

As a further incentive for a combined, concerted move to make Maryville more beautiful, the clean-up committee yesterday decided to offer a prize, probably a trophy cup, to the city ward which shows the greatest change during the spring and summer in the way of cleaner yards and lots and better painted buildings. The winner will be chosen through the point system.

A certain grade will be given for the largest percentage of yards cleaned; for the greatest percentage of vacant lots being farmed and for the largest percentage of houses newly painted during the spring and summer. The winner will be announced early next summer.

A committee composed of Paul Sisson, Mrs. E. G. Orear and F. P. Robinson was appointed to take this matter in charge and draw up plans for deciding the award system.

A Captain for Each Ward.

Another advancement in the "clean-up, paint-up" movement, was in deciding to appoint a captain in each of the four wards of the city to supervise the clean-up, paint-up movement in that particular section of the city. The selection of the ward captains will be made soon by Mayor Wright, president of the general clean-up committee.

The aim of Mayor Wright is to appoint ward supervisors who not only have the time and the inclination to supervise this work, but who are well fitted for the position.

Prize to School Children.

Another contest to further the clean-up, paint-up movement in Maryville this spring has been announced, in which a prize probably a trophy cup, will be given to the ward schools of the city which can show the greatest number of pupils, either boys or girls, or both, engaged in farming vacant lots, either in gardens or flower beds.

A committee consisting of E. R. Utter, principal of the high school, and W. R. Jackson, secretary of the Commercial club, was appointed to work out the details of this contest and decide on a suitable prize for the winning school.

As an aid toward making the clean-up movement a decided success in the initial attempt, all persons owning vacant lots are urged to offer the use of these tracts for the use of boys and girls for cultivation. These may either be planted to vegetables or changed into a veritable flower bed—any way to remove the unsightly weeds which heretofore always have bedecked the vacant lots of Maryville.

Want More Vacant Lots

One of the first moves in this direction has been already taken by the Sunday school pupils of the First Christian church. They will band together for the cultivation of the vacant lot at the southeast corner of Fourth and Buchanan streets. Its use is being donated by Arthur S. Robey.

The use, during the spring and summer of several other lots in the city also have been offered to the clean-up committee, and others have signified their intention of aiding the movement. More lots are needed, the committee announces.

A. N. Lindsey, Clinton, to Confer With President Richardson Relative to Publicity for School.

A. N. Lindsey of Clinton, secretary of the Federated Commercial Clubs of Missouri, will arrive in Maryville tomorrow for a conference with President Ira Richardson of the State Normal school, prior to a three month's publicity campaign for the Maryville Normal in northwest Missouri. This is out of Secretary Lindsey's chosen field, but on request of President Richardson, he consented.

The securing of Secretary Lindsey for the publicity campaign was made by President Richardson while in Kansas City, February 27. Following his conference here this week with the Normal head, Secretary Lindsey will begin his tour of the nineteen counties of northwest Missouri contained in the district.

He will address commercial and other civic organizations relative to the school's work, and make an individual campaign as well for the state institution. Secretary Lindsey was in Maryville last fall, when he addressed the farmers during the Normal "farm and home course" of instruction in agriculture. He is considered a forceful speaker and is well known over the state.

COLLECTS ALL BUT $50

Independence Township Residents Pay Up Well, Collector F. A. Bloomfield Reports.

The collection of all but $50.03 of the total real estate and personal property tax assessed against residents of Independence township by the county for 1914, was reported this morning to the county court by Collector F. A. Bloomfield of Parnell. The aggregate tax was $15,105.98.

This was the best "clean-up" made this year by any of the fifteen collectors of the county, some failing to collect by a couple of hundred dollars. The first view of Collector Bloomfield might serve as a reason for this grand success of his, for he stands six feet high and weighs close to 250 pounds. But another glance and a brief conversation with him will prove conclusively that it is more the pleasant smile and greeting that gets the "dough" than the weight and size.

C. H. Guyer, collector for Monroe township and Milton Kirby, collector for Lincoln township, also reported to the county court this morning.

SUES FOR HUSBAND'S DEATH

Burlington Could Have Avoided Killing Henry Campbell, Arkoe Widow Says—Wants $10,000.

Alleging that on account of it being a clear day and early in the afternoon, the operators of a Burlington freight train could have avoided running down and killing Henry Campbell, near Arkoe, February 10, the widow, Melinda Campbell, sues the railroad for $10,000 damages. The suit was filed in circuit court here this afternoon by B. R. Martin, an attorney of St. Joseph, formerly of Maryville.

Campbell, who owned a farm near Arkoe, was killed outright and his body badly mangled a month ago, while he was said to be lying on the tracks, about two miles south of Arkoe, near a curve of the road. He was rather aged and slightly hard of hearing, it is said.

TO PICK ORATORS

HOLD PRELIMINARY CONTEST FOR DECLAMATORY EVENT APRIL 9.

MEDALS FOR WINNERS

Entrants Subject to Same Rules as Normal Contestants—Are Judged by General Excellence.

A plan was made yesterday by the high school to have an annual spring declamatory contest to select one boy and one girl contestant to represent the high school at the northwest inter-high school oratorical contest to be held at the State Normal, April 23 and 24.

The preliminary contest will be held April 9 at the high school, the representatives to be chosen from ten contestants, five of whom are to be girls and five boys. In case the number of applicants for the try out is greater than ten, an elimination preliminary will be given about two weeks previous to April 9, in order to bring the number of contestants down to ten.

Governing Rules Same.

The pupils entering are answerable to the same rules as govern the Normal contestants. They must have a passing grade in three subjects in the previous semester and a passing grade in all present studies.

The grading will be done on a basis of excellency and merit of the declamation instead of on the point system of judging, as has been heretofore used.

Plan Pleases Pupils.

The winners of the preliminary will receive appropriate gold medals as honors. These will probably be a gold watch fob for the boy and a gold locket for the girl, engraved with the date and winner's name. These medals will be given so as to be in contrast to the inter-high school medals.

The judges will be selected by the superintendent, Prof. W. M. Westbrook, and the principal of the high school, Prof. E. R. Utter.

The announcement of the contest has been received with enthusiasm by the pupils of the school, and already a number have signified their intention of entering the preliminary contest.

Makes Tax Collection Report.

Frank Bloomfield of Parnell, collector for Independence township, and Joseph Smith of Ravenwood, deputy collector for Jackson township, were in Maryville today to make tax collection settlement with the county court and county treasurer.

MAY PROSECUTE SOLICITOR

Sheriff Wallace Arrests Woman Wanted at St. Joseph, Charged With Issuing Bogus Check.

Mrs. Benton Gray, a magazine solicitor, arrested at a local hotel last week by Sheriff Edwin Wallace, on complaint from St. Joseph, will probably be prosecuted on two charges, according to information given out today. It is charged by some that they have failed to receive any of the magazines for which they subscribed through Mrs. Gray, while one woman alleges the check given her by Mrs. Gray was a worthless one.

Several women have been soliciting subscriptions for magazines and papers in Maryville and Nodaway county recently, generally being women who live elsewhere than in the county. A complaint to the authorities was recently made by residents of Graham and Skidmore following the solicitation of a woman there for magazines and periodicals.

It is said that unless Mrs. Gray makes restitution to those solicited before March 20 she will be prosecuted on the charge of issuing bogus checks, and also of fraud.

BATTLESHIPS ARE SENT TO MEXICO

PRESIDENT WILSON ORDERS VESSELS TO VERA CRUZ.

ADMIRAL FLETCHER WILL SELECT SHIPS

Nation's Executive Instructs Secretary Daniels to Take Action—One Will Be a Flagship.

By American Press.

Washington, March 9.—After a conference early today with President Wilson, Secretary Daniels of the navy department ordered two battleships of the Atlantic fleet to Vera Cruz, Mexico, as a safeguard should more trouble arise in the southern republic.

Rear Admiral Fletcher, commanding the fleet, will choose the battleships that are to go. The only specification Secretary Daniels made were that one of the battleships should be a flagship, in order that an officer of high rank should be in command of the Mexican forces.

It is probable that different ships than those which went to Vera Cruz last fall will be ordered to the Mexican gulf port this time. The ships now at Guantanamo may go to Vera Cruz.

General Carranza has been informed in a note from the United States government that unless there is an improvement in conditions with respect to foreigners and their interests in Mexican territory under his control, such steps as may be necessary will be taken by the American government to obtain the desired protection.

The note is the strongest and most emphatic document that has been sent by the Washington government to Mexico since the correspondence with Huerta a year ago.

CRISIS NOW IN BULGARIA

Ministerial Trouble Like That of Greece, When Premier is Overthrown.

By American Press.

Paris, March 9.—A ministerial crisis similar to that in Greece has occurred in Bulgaria. Premier Radoslavoff is reported to have been overthrown by the influence of King Frederick and followers of Dr. Ghenadioff, former foreign minister, because he desired to take immediate action against Turkey by occupying Adrianople.

Radoslavoff's opponents are said to have declared this policy, which would have placed Bulgaria in opposition to Germany and Austria, was too adventurous.

The principal argument they are reported to have used, was that the resignation of Premier Venizelos at Athens left Greece more isolated than before, and if Bulgaria remained neutral it might hope for advantages other than those they should find in Thrace.

Although this information has not been definitely made, it is generally believed in French official circles that Radoslavoff had resolved to march on Adrianople if Greece pronounced for the triple entente or allies. Venizelos also made such an announcement at Athens when the question of intervention came up.

GOOD WORD FOR TOWN BANDS.

Kansan Would Authorize Municipal Appropriations for Support of One.

Most state township acts are of a strictly utilitarian character. They, for instance, take note of the village or town's need for sidewalks, street lamps and a lock-up for offenders against the law and order, and they authorize the establishment of those and other conveniences of civilization. But they rarely go beyond material things and are not generally expected to do so. The higher affairs of life are ordinarily left to private initiative.

A Kansas legislator, however, has undertaken to break this custom and to suggest something original in the way of "uplift." Representative Keen of Fort Scott is credited with the introduction of a bill authorizing any town to appropriate money for the support of a band—brass or otherwise. The lawmaker's theory is that a good band has an improving effect on the community, and will therefore be worth all that it costs the taxpayers. While he admits that many a local band may be bad, he hopes that placing it on the public pay roll will encourage it to become better.

The bill is certainly a merited tribute to the village music makers. The latter usually mean well and work hard to deserve appreciation. A patron of one of these organizations says:

"The village band earns its appropriation. In the winter nights it meets for "band practice" in a room too big for warmth and too small for accoustics. If it has an appropriation on hand of $19.65, for new sheet music, it will rattle the windows every Saturday evening for months perfecting a technique which can never be too good to suit the sensitive ear of the leader. And in the summer it plays valiantly in the soft, pleasant evenings, luring the townsfolks toward the village square with Weber and Sousa. Its repertory is several notches above the level of village taste, though not too far above. They will tell you at the music stores in Chicago that the village bands of the country are resisting far better than the commercially owned orchestras have resisted, the invasion of the too-too-utterly-rag."

The village band is thus seen to be a worthy institution and it is to be hoped that Kansas will not prove to be the only state to foster musical talent in its minor communities.

GRANT CITY PLANS TO PAVE.

Worth County Towns Finds Citizens Anxious to Better Streets—Circulate Petitions.

Grant City property owners, are not agin' paving streets—on the other hand they are anxious for it—as was demonstrated last week, when several petitions for the improvements, were circulated along several streets of the Worth county town.

One petition calls for concrete paving from the public square on High street and thence to the railroad station. The paving would be twenty feet wide. Two other streets also may be paved.

REVIVAL CLOSES SUNDAY

Evangelist Will Preach Tonight from the Subject "The Price of Salvation.

The revival services at the First Christian church will continue during the remainder of this week. Last night there were two more added to the church roll. Harry O. Fritz, tenor, sang, "Will You Believe," and the Rev Charles A. Finch preached from the topic, "The Second Coming of Christ." Tonight the evangelist's sermon will be upon the subject, "The Price of Salvation."

Last night the Rev. Mr. Finch said in part:

"In power and great glory. With all His holy angels. He will come in the clouds of heaven. He shall descend from heaven with a great shout, with a voice of the arch angel and the trump of God, and the dead in Christ shall rise first. He shall also come as a thief in the night. He shall come with ten thousand of His saints. He shall come in like manner as He was received up into heaven. All the foregoing statements are plainly set forth in the scriptures.

Dangers of Delay.

A thousand years may roll between you and His coming, but He comes practically to every man at death. As you lie down to sleep at night and almost immediately it seems the sun of a new day is shining, so the sleep of death will seem but momentary as immortality dawns. If you believe that Jesus is coming you will prepare to receive Him. The falsest doctrine the devil ever sent out of hell is the suggestion that there is plenty of time, and the end comes and finds you unprepared. But if you are looking for Jesus you will know Him when He comes, and will hear 'Well done, thou good and faithful servant, thou has been faithful over a few things, I will make you ruler over many.'

"That Jesus will come again is one of the inspiring truths of the Bible. Jesus said He would come again. The prophets said He would come; the angels taught it. The apostles preached it. The church believes it in communion, and the world in monument.

"Jesus says very distinctly that no man knoweth the day nor the hour. Not even the Son, but the Father only. The coming of Jesus is carried along with the coming of judgment to Jerusalem and the Jewish nation. It was the intention of the Lord to mingle the two in order that the thought of the future of the Christian in heaven might save their faith from failing in the destruction of Jerusalem.

It is my opinion that the Lord wi come when the people of earth becom as they were in the days of Noah, abs lutely given over to sin. When th salt has lost its savor, and men refu to obey the truth. Before that tim however, Jesus says 'The gospel of t kingdom must be preached to the en of the earth.'"

PLAY TARKIO FRIDAY NIGHT.

High School Basket Ball Team to Play Postponed Game.

The high school basket ball team will play the quintet of the Tarkio high school on the Normal court here Friday night, beginning at 8 o'clock, Coach Harvey Watson announced today. The Tarkio team was scheduled to have met the Maryville team here sometime ago, but the game was postponed at the request of Tarkio.

The Tarkio and Maryville teams have not met yet this season, but it is reported that the Tarkio bunch is a strong one, which has won more games by far than it has lost this season.

It was originally intended to play Mound City Friday night at Mound City, but that game has been postponed. Mound City won here last week.

HOMER CROY ON HIS WAY WEST.

Maryville Humorist and Bride En-route to Coast—Stops on Return.

Homer Croy, Maryville's humorist of world-wide fame, and his recently secured bride, left Chicago last night aboard a special train of "movie" fans and publishers for Los Angeles. They arrived in Kansas City today. Mr. and Mrs. Croy intend to stop off in Maryville on their return east early next month, however, according to A. J. Croy, the father.

The special is being run by the Universal Film Producing company, which proposes to throw its city, Universal City, near Los Angeles, open to the public March 15.

This unique community, which is near Los Angeles, will be entirely given over to the activities incident to acting for and manufacturing of films.

Among the notables who will accompany Cad Laemmle, president of the Universal company, are Robert Grau, F. Schraeder, editor of the Dramatic Mirror; Hy. Mayer, editor of Puck; E. Hoffman, editor of the Moving Picture News, and R. C. Cropper of Kansas City.

The special, which will consist of four sleepers and a dining car, will make only three stops, besides that at Kansas City. One will be in Denver, another at Williams, Ariz., and the third at Los Angeles, where the entire population of Universal City is expected to be on hand to welcome the guests.

Entertainment, to be provided on the train for the passengers, will take various forms. One of the western vaudeville circuits has arranged to have some of its acts travel over the circuit via the Universal special, and these performers will furnish diversion for the members of the party on the way.

Pictures will be taken along the route. These will be developed after reaching "movie" town and shown to the passengers in the exhibition theater, which is one of the many buildings on the grounds. Likewise, the dining car superintendent will furnish "good fellowship" feasts whenever there is occasion.

LIVE STOCK IS IN DEMAND

Cattle, Hogs and Sheep Sold 10c to 15c Higher—Lighter Run Cause.

Kansas City Stock Yards, March 8.—The favorable conditions for sellers in the cattle market that prevailed last week continue today, market strong to 10c higher. The net advance last week after Monday was 25 to 40 cents. The steers here today are fair to good killers, selling at $7.25 to $8.25, nothing prime, or even good to choice here, else the top would have been anywhere from $8.50 to $8.75.

Yearlings and fancy heifers would bring up to $8.50, bulk of heifers, selling at $6.50 to $7.50, choice cows $7, bulk of cows $5.75 to $6.50, fat bulls $6 to $6.65, top veal calves $10.75. Oklahoma steers sold in the native division at $7.75, 75c to $1 above where they would have sold at the low time.

Most of the quarantine arrivals were late getting in, but some 895-pound Oklahomas sold early at $7, lighter steers at $6.55, called strong to 10c higher, and 30c to 40c higher than last Monday. Quarantine steers brought $7.50 last Friday. Stocker and feeder trade is widening, sales strong to 15c higher today, and an active demand from both yard traders and country buyers. Choice panhandle yearling calves sold at $8 today, and 2-year-olds bring up to $7.75, good feeders at that price also and few cattle under $6.60.

Hogs sold 10c to 15c higher today, receipts 5,000 head. Order buyers and packers paid the top price, $6.90, although a load of serum hogs, 213 pounds average, brought $7.05. Bulk of sales were at $6.80 to $6.90. Receipts were small today on account of bad roads in the country, but the run appears to be diminishing, and prices are working upward.

Packers will offer small opposition to an advance in prices of hogs, as higher hogs would enable them to dispose of their large store of product more advantageously.

Sheep and lambs received today numbered 15,000 head, and lambs sold steady, sheep 10c higher. There was a strong demand from local killers, and though the entire receipts were sold by 10 o'clock, with one of the leading packers left out unable to fill his orders. Bulk of lambs sold at $9.40 to $9.60 today, and ewes at $7.35 to $7.60, wethers worth up to $8, yearlings $8.75. Feeding lambs are scarce, choice ones worth around $8.75. Run balance of the week promises to be light.

FIND RIGHT PLACE AT LAST.

Iowa Couple Hunt High and Low to Get Marriage License, Then Succeed.

A young man carrying a suit case and an embarrassed looking young woman, heavily veiled, tiptoed into the court house this morning. The loitering men congregated in the corridor immediately to speculate, whether they were looking for a marriage license.

It looked as though their guess was wrong, when the man timidly wended his way towards the sheriff's office. But soon he returned, and with the young lady in tow, started for the treasurer's office, where several carpenters were engaged in making certain improvements. Foiled again, they repaired to the county clerk's office, shut the door after them, and at last thought they had found the right place.

But, No, again. County Clerk Fred J. Yeoman did however, direct them to the proper office—the office of recorder of deeds. Then the men grouped in the corridors laughed.

The couple gave their names as Delbert Cooper and Myra Hall. Both said they lived in Clarinda, Iowa. He gave his age as 23, she as 19 years.
